Seeking opportunities in the field of IT services and consulting, I am an enthusiastic and self-motivated web developer. Currently pursuing a B.Sc. in Information Technology at LJ University, I am dedicated to continuous learning and eager to explore emerging technologies. My goal is to acquire hands-on experience and further develop my professional skills.

Experience

WordPress Developer - Abtik Group Of Companies (Intern)   *May 2024 - July 2024*

- We specialize in tailoring e-commerce solutions for online businesses by seamlessly integrating the WooCommerce plugin.
- Our process involves meticulously installing necessary plugins and carrying out additional coding to ensure that the final design and functionality requirements are met.
- Furthermore, we have a proven track record of developing and implementing WordPress sites, themes, and plugins.
- Our expertise also extends to converting design assets into component-based HTML, CSS, and JavaScript for a cohesive and seamless user experience.
